PLACE DES VOSGES  
LE MARAIS

PRECIOUS  
EXCLUSIVE  
HISTORIC

12 SPACIOUS  
ROOMS & SUITES

The stones of the ancient kings of France have countless stories to tell. Today, they invite you to write your own. At the legendary royal square of the Place des Vosges, EVOK welcomes you into the family residence of a noble lineage of erudite scholars, collectors of art and precious moments. A bird's-eye view over Square Louis XIII, surrounded by the pink brick pavilions crowned with slate roofs. The majestic arcades proudly aligned to greet the newcomers. The apartments of this 17th-century residence offer today twelve private apartments spread over four floors and a tea room, refurbished by architects Lecoadic & Scotto. With full respect for the forms and volumes of the historical period, preserving the authentic nobility and keeping alive the hospitality as a family spirit. Parisians and visitors alike experience the neighbourhood life as if they were home, enjoy the undisturbed intimacy, ensured by the service of an excellently discreet butler. Under the cosy vaults of the lobby, this guardian of this place hands you the key to your apartments. At the top of the majestic staircase, the original doors open to the Renaissance grandeur of five-meter high, painted wooden ceilings. With windows overlooking the tree-lined square, this unique connecting room enfolds you with light of a blue/pink pastel mystery. A mixture of 17th-century splendour and 1970s design: ancient terracotta, azure tapestries, a reimagined four-poster bed, candelabra lamps, books and statues meet stainless steel tables, a glass bar counter and a brass basin. Lacquered screens and sliding walls orchestrate the interstices of this sober and elegant space of well-being, enhanced with gold. The peace of senses continues within the intimate serenity of the Roman bath or through the light cuisine offered in the tea room and on its terrace.

HERE, THE SENSES ARE KING, YOUR STAY AN UNFORGETTABLE JOURNEY. WELCOME TO THE EPICUREAN COURTYARD.
