AN  
EXTRAORDINARY  
SETTING

# LOCATION

Naäma Private Villas and Spa is set on the shores of the Indian Ocean in Fujairah. Part of the UAE, this peaceful emirate is two hours from Dubai. The 123-kilometre drive runs through dramatic deserts and on to a soaring mountainscape to reveal some of the Middle East's most spectacular vistas.

Bordered by the towering Hajar Mountains, which separate the United Arab Emirates from the Sultanate of Oman, this barely discovered emirate boasts abundant cultural and natural wonders, from Medieval mosques and castles to over 300 species of wild flowers, to rare bird, and vibrant coral reefs teeming with tropical fish, dolphins, turtles, seahorses, stingrays - and even the occasional whale shark.
